It's a
pain, but
I'm acting as
their leader
for now.

We are surrounded by a forest and there's a single tower in the center with many buildings around it.

There's about 5 ~ 6 kids per building, and they all have a group of their own.

Every group gets a chance to take in the next newcomer

and explain what's going on. Frankly, it was our turn this time.

Uhh...

Don't ask me anything. It'll hinder what I'm about to say.

No... Actually, you can ask, but don't expect me to answer.

I'll give you some good news to cheer you up with.

GOOD NEWS
DO YOU KNOW
SOMEONE WHO
WANTS TO BE A
MAGICAL GIRL?

but you're annoyed that you don't know what the good news is, right?

In this area,

you don't need to cut your fingers off.

AAAAAAAAAAAA
AAAAAAAAAAAA
AAAAAAAAAAAA
AAAAAAAAAAAA
AAAAAAAAAAAA

In order to eat meat, you must cut them off.

But what if there's a way where you don't have to?

...

What are you talking about?

Look at your watch.

An hour from the origin...

It's at the same place as when I lost consciousness! Could it be...?

Yes.

Your watch has stopped.

You're not very happy, are you?

Even though I told you that you don't need to cut your fingers off in this area.

Well if there is one catch, it's that...

you don't get to leave this world unless you go to the next area.

So there's two major factions among the groups.

Those who are trying to remain here are the "Stay" group...

and those trying to leave this world to gather are the "Leave" group.

We are part of the "Stay" group.

The Gamer Group?

and call ourselves the "Gamer Group".

Instead
of facing the
dangers this
world throws at
us, we just enjoy
our time and do
nothing.

Well, there
are those who
don't enjoy
their time
here...

So, which
group do
you belong
to?

Stay?

Or Leave?

.....

L

want to
leave this
world

no matter
what kind
of dangers
I face.

Is that
so?

Then you're
not very
suitable for
our group.

When a
newcomer's
group doesn't
match their
agenda,

you can
choose to go
to a new group
according to
your prefer-
ence.

You can
sleep here
tonight,

and we'll
send you to a
group that's right
for you in the
morning.

!?

GETS UP

That woman is...!

Don't go near her.

Who is that woman?

We call her The Goddess.

and she lives in the tower.

Whenever there's a newcomer, she comes down to give them a kiss.

When she kisses you, all your wounds will be healed and your watch stops.

Come to think of it...

My legs don't hurt at all...

That's the law set in this world. Thanks to The Goddess, we are safe.

In order to uphold this law, we choose not to get close to The Goddess.
